LEATHER

New Product Launch 2026

Natural character. Refined design. Unmistakable touch.

In the world of interior design, few materials are as timeless, sophisticated and sensual as leather.
The LEATHER collection brings this distinctive material into furniture and interior design in a new form. MDF-based boards finished with high-quality reconstructed leather combine the authentic look and feel of leather with the versatility of a modern furniture surface.

Designed to last.

Beautiful materials should also perform. LEATHER boards offer high resistance to UV radiation, making them a durable choice even in interiors exposed to sunlight.
The combination of an MDF core and reconstructed leather surface provides aesthetics, tactile quality, and everyday practicality.

The power of touch.
Designed to be felt.

Timeless luxury
Elegance that never goes out of style.

Material with character.
Make your interior unmistakable.

DECOR COLLECTION

Authentic texture. Distinctive character.

The surface closely replicates the natural appearance and texture of genuine leather.
Its characteristic grain creates a rich visual effect, while the natural leather-like scent and tactile texture make the surface something you don't just see, you can feel it.

It works beautifully as a standalone feature, but also pairs naturally with materials such as wood, metal, stone and glass.

Base Board Thickness:	**17 mm**
Dimensions:	**2800 x 1300mm**
Base:	**MDF**

KEY APPLICATIONS & IDEAS

From private spaces to premium interiors

LEATHER is designed for both residential and commercial applications, providing versatility and luxury across a wide range of bespoke interior solutions:

Residencial ideas:

- **Living Rooms & Bedrooms**: Creates an inviting, tactile atmosphere on accent walls, headboards, and custom furniture.
- **Wardrobes & Cabinetry:** Elevates storage units and walk-in closets with elegant, touch-friendly leather fronts.
- **Furniture Fronts**: Transforms sideboards, TV units, and nightstands into bespoke focal points.
- **Decorative Features:** Adds warmth and richness when paired with wood, glass, or metallic elements.

Commercial & Premium Spaces

- **Executive Offices & Desks:** Imparts prestige, quiet luxury, and high durability to workspace interiors.
- **Reception Areas & Lobbies:** Craft memorable first impressions with statement cladding and desks.
- **Hotel Interiors:** Enhances guest suites lounge areas, and bar fronts with sensory richness.
- **Boutiques & Luxury Retail:** Ideal for high-end display panels, cabinetry, and VIP shopping lounges.
